*The Head Chef*

DJ & MUSICAL ARTIST

## ABOUT DJ

With two decades of musical mastery and 14 years behind the turntables, I've captivated audiences across South Asia with my original tracks and electrifying performances. From club nights in Bangladesh to corporate and award events, my journey started in 2008, fuelled by a rich classical music background. I do believe a DJ must not play music to his crowd it's all about presenting music in his very own style.
